Bids Opened On 31 Minor **Highway Jobs**

COLUMBUS, Ohio (AP)-In the first bid-opening since highway director Everett S. Preston clamped down on federal aid contracting, The Highway Department received contractors' estimates today on 31 minor projects.

All will be paid for by state money, and the total was appreciably lower than in the suspended contract-letting on all projects where the federal government pays part of the bill because Congress and the administration are having difficulty arranging a way to pay for the interstate highway program.

Ohio has already committed itself to spend about 40 million dollars with no guarantee of repayment from the federal government, and Preston-although anxious to keep the program goingdoesn't intend to go deeper into

Tomato Season At Its Peak

Meade Woman Gives Recipe for Canning

Pickaway County tomatoes are right at their peak. Housewives in town are asking where to find canning tomatoes. Homemakers in the rural areas have been canning tomatoes for almost two weeks now -depending on when the tomatoes were planted. With their own winter supply already canned rural gardeners are looking around for people to whom they may sell or give their surplus harvest.

SCALD AND PEEL firm, meaty tomatoes that will fit into a quart jar. Add 1 teaspoon salt to every quart. Fill jar with hot tomato juice that has been previously prepared. Seal can and immerse in boiling water in cold packer. Cover. Leave in water until cool.

Mrs. Woolever often puts newspapers over the cold packer lid to hold in the heat. She says she frequently cans the tomatoes at night and removes them from the water in the morning.

If her tomatoes are any better than anybody else's Mrs. Woolever modestly says it is due to the fact that the jars are immersed in boiling water and the fire is then turned off from under the cold packer. This method of cold packing combined with the fact that much confusion and great dis-sonnel changes are planned. she fills the jars with tomato juice rather than water may account for the unusual fresh flavor found in the Woolever canned tomatoes.

Separate Work For Couples Is Agency's Theme

COLUMBUS, Ohio (AP) - The Ohio Department of Mental Hygiene and Correction apparently believes that married couples in its employ get along much better on the job if they are separated. Although the department didn't

come right out and say that, it issued a set of "ground rules" today which imply as much. The rules are to be used for em-

ployment of two or more members of the same family in Ohio's mental, correctional and juvenile institutions.

One rule says it's permissible to employ two or more members of a family in an institution or the department's central office "so long as one is not in a position to influence a decision in favor of, or against, the other."

But the department gets even more specific in another rule

which says: If two employes marry, and one thus would be under the supervision of the other or in a position to influence the other's decision, one is to be placed elsewhere.

A hundred and more years ago, there were many little "glass-houses" some of which produced preserve or jam jars, but nobody knew how to make a jar which was easy to seal airtight. That problem was solved once and for all when the screw thread neck was invented.

And just who was the genius whose simple invention turned out the old jars have no particular to be a contribution of inestimable cash value. value to the physical and economic health of our nation? Unfortunately, the early history of the Mason Jar is too obscure to permit

A GOOD START - Mrs. Ralph Woolever, Route 1, Circleville, says you'll be off to a good start if you select firm, meaty, ripe tomatoes that will fit easily into a quart jar when you can your tomatoes for winter use. Mrs. Woolever's tomatoes are extra-special according to her friends.

Tomato Season At Its Peak

Meade Woman Gives Recipe for Canning

Pickaway County tomatoes are right at their peak. Housewives in town are asking where to find canning tomatoes. Homemakers in the rural areas have been canning tomatoes for almost two weeks now -depending on when the tomatoes were planted. With their own winter supply already canned rural gardeners are looking around for people to whom they may sell or give their surplus harvest.

It has been a good tomato year. But come drought or rainy spell Pickaway County tomatoes are without peer. The tomato crop is one of the county's reli-

SCALD AND PEEL firm, meaty tomatoes that will fit into a quart jar. Add 1 teaspoon salt to every quart. Fill jar with hot tomato juice that has been previously prepared. Seal can and immerse in boiling water in cold packer. Cover. Leave in water until cool.

Mrs. Woolever often puts newshold in the heat. She says she frequently cans the tomatoes at night in the morning.

If her tomatoes are any better than anybody else's Mrs. Woolever modestly says it is due to the fact that the jars are immersed in boiling water and the fire is then turned off from under the cold she fills the jars with tomato juice rather than water may account for the unusual fresh flavor found in the Woolever canned tomatoes.

Separate Work For Couples Is Agency's Theme

COLUMBUS, Ohio (AP) - The Ohio Department of Mental Hygiene and Correction apparently believes that married couples in its employ get along much better

on the job if they are separated. Although the department didn't come right out and say that, it issued a set of "ground rules" today which imply as much.

The rules are to be used for employment of two or more members of the same family in Ohio's mental, correctional and juvenile institutions.

One rule says it's permissible to employ two or more members of a family in an institution or the department's central office "so long as one is not in a position to influence a decision in favor of, or against, the other."

But the department gets even more specific in another rule which says:

If two employes marry, and one thus would be under the supervision of the other or in a position to influence the other's decision, one is to be placed elsewhere.

Mason Jars To Celebrate Their 101st Anniversary

will be celebrated Nov. 30, 1959. A hundred and more years ago, there were many little "glass-houses" some of which produced preserve or jam jars, but nobody knew how to make a jar which was easy to seal airtight. That problem was solved once and for all when the screw

thread neck was invented. And just who was the genius whose simple invention turned out the old jars have no particular to be a contribution of inestimable cash value. value to the physical and economic health of our nation? Unfortunately, the early history of the Mason Jar is too obscure to permit

However, there is documentary evidence to indicate that William Brooke, a mold maker who newhere there is lots of canning go- glected to protect his rights, invented the screw thread neck and supplied others with molds some time before Mason applied for the patent. According to one version of the story, Brooke made one of the molds for tinsmith Mason, when Mason pretended to be interested only in manufacturing a cap to use

There is no way to determine the exact age of these old jars, but an educated guess is that the majority of them are less than 70 years old. Insofar as this writer knows,

The clear, smoothly finished Mason Jar used by practically all of today's 20 odd million home canning families is essentially the same as its handmade ancestor. The first streamlining occurred about the time of World War II, and the first major change in styling dates from the introduction only a few years ago, of the tapered can or

"freez" jar. Although these new jars seal with the modern two piece metal dome cap, their threaded neck is basically the same as that of the first Mason. But, the real old timers were far more expensive. Some of them sold for three or more dollars a dozen, and were packed without caps and rubbers.

Bunning Shows Return To Form

Hurls First Shutout Since 1958 No-Hitter

By ED WILKS

Associated Press Sports Writer Add another chapter to the strange career of Jim Bunning, the lean right-hander who was a surprise 20-game winner two years ago, then pitched a no-hit masterpiece-and faded.

Tuesday night he shut out Chicago's streaking, first-place White Sox, one of the toughest clubs to blank in the American League, putting them away on three singles and ending their winning string at five as Detroit took a 4-0 victory.

It was Bunning's first shutout in 45 starts since July 20, 1958-the day he no-hit Boston 3-0. It was only the sixth time this season that the White Sox, their edge over rain-idled Cleveland cut to five games, have been held score-

Ted Kluszewski had two of the White Sox' hits. Luis Aparicio had the other as Bunning, now 14-10, bagged his fifth straight victory.

It also was the Tigers' fifth success in a row, matching their best streak of the year, and retained their one-game hold on third place over New York. The Yankees defeated Baltimore 5-0 as Whitey Ford and reliever Ryne Duren combined for a seven-hit shutout. Washington beat Boston 7-4, with Harmon Killebrew regaining a share of the major league home run lead with his 39th.

In the National League, righthander Larry Jackson shut out Los Angeles on two hits as St. Louis beat the second-place Dodgers 3-0. Philadelphia defeated third-place Milwaukee 5-3. Pittsburgh and Cincinnati were rained

While Bunning continued his spell over the White Sox-He has beaten them four in a row over the past year and nine times out of 10 over five seasons-the Tigers added to their hex over Bob Shaw. The young right-hander, who broke in with Detroit in '57, has beaten every club but the Tigers. Now 14-5 for the season, he's 0-3 against Detroit.

Jackson, 28, a right-hander with only a 51.50 record in the majors, upped his career record against the Dodgers to 12-5 while handing them their fifth shutout. He walked two, struck out four for a 12-12 season mark.

The Cards had only four hits, but two were home runs. Ken Boyer's 26th, a second-inning shot 8) also gave up Alex Grammas' Blasingame, who stole third and scored on Grammas' squeeze bunt. age.

Baseball's Song Writer Dead At 80

LAGUNA BEACH, Calif. (AP)-The man who wrote baseball's own song-"Take Me Out to the Ball Game"-died Tuesday night.

He was Jack Norworth, 80, song writer, actor and sports fan-once known as "the King of Vaude-

He died of a heart attack at his home in this seaside resort.

Norworth wrote "Take Me Out to the Ball Game" in 1908. He liked to recall that he had never seen a baseball game then and got his inspiration from an advertisement about a game at the Polo Grounds while riding the New York subway.

A baseball executive once said that Norworth's song did more to popularize and sentimentalize baseball than any other single factor in the game's history with the possible exception of Babe Ruth's

'58 Champs Figured To Repeat in '59

By SKIPPER PATRICK

Associated Press Sports Writer KANSAS CITY (AP)-Close to 500 lads report today to get ready for a Big Eight Conference football campaign that most likely will have the league's second best Another best-ever score last team winning an Orange Bowl

> The Oklahoma Sooners, perennial Big Eight champions, look like sure repeaters. But this season Oklahoma isn't eligible for any post season bowl, and second place will be good enough for the Jan. 1 Miami trip.

The Sooners will be shooting for their 12th consecutive Big Eight title-14th counting ties with Kansas in 1946 and '47.

The Sooners have lost a number of great performers such as All America center Bob Harrison and end Ross Coyle. But manpower remains plentiful in Soonerland.

GE Honors Baseballers

General Electric's Kid Baseball team, champions of the Babe Ruth League here this season, were guests at a dinner presented at the local GE plant last night.

Following a dinner in the plant conference room, the baseballers participated in a brief tour of the plant's huge manufacturing area and its many offices. The evening activities were planned and conducted by GE Manager Ed Grigg and Personnel Manager Jim Carr.

Grigg and Carr congratulated the team on its championship performance this year and Manager Bob Maneely returned the thanks to GE as sponsors on behalf of the squad.

Members attending the dinner were Jim Wellington, Leonard Eblin, Sam Weller, Bob Good, Johnny Good, Granville Jones, George Grigg, Ronnie Clifton, Edgar Martindale, Jimmie Allen, Roger Roebuck, Gary George and Harold Hartley and Managers Maneely and Paul Smallwood. Players unable to attend were Ted Gulick and Freddie Moore.

Bunning Shows Return To Form

Hurls First Shutout Since 1958 No-Hitter

By ED WILKS Associated Press Sports Writer Add another chapter to the strange career of Jim Bunning, the lean right-hander who was a surprise 20-game winner two years ago, then pitched a no-hit masterpiece-and faded.

Tuesday night he shut out Chicago's streaking, first-place White Sox, one of the toughest clubs to blank in the American League, putting them away on three singles and ending their winning string at five as Detroit took a 4-0 victory.

It was Bunning's first shutout in 45 starts since July 20, 1958—the day he no-hit Boston 3-0. It was only the sixth time this season that the White Sox, their edge over rain-idled Cleveland cut to five games, have been held score-

Ted Kluszewski had two of the White Sox' hits. Luis Aparicio had the other as Bunning, now 14-10, bagged his fifth straight victory.

It also was the Tigers' fifth success in a row, matching their best streak of the year, and retained their one-game hold on third place over New York. The Yankees defeated Baltimore 5-0 as Whitey Ford and reliever Ryne Duren combined for a seven-hit shutout. Washington beat Boston 7-4, with Harmon Killebrew regaining a share of the major league home run lead with his 39th.

In the National League, righthander Larry Jackson shut out Los Angeles on two hits as St. Louis beat the second-place Dodgers 3-0. Philadelphia defeated third-place Milwaukee 5-3. Pittsburgh and Cincinnati were rained

While Bunning continued his spell over the White Sox-He has beaten them four in a row over the past year and nine times out of 10 over five seasons-the Tigers added to their hex over Bob Shaw. The young right-hander, who broke in with Detroit in '57, has beaten every club but the Tigers. Now 14-5 for the season, he's 0-3 against

Jackson, 28, a right-hander with only a 51-50 record in the majors, upped his career record against the Dodgers to 12-5 while handing them their fifth shutout. He walked two, struck out four for a 12-12 season mark.

The Cards had only four hits, but two were home runs. Ken Boyer's 26th, a second-inning shot that extended his hitting streak to from Quarterback Dave Smith to scored on Grammas' squeeze bunt. age

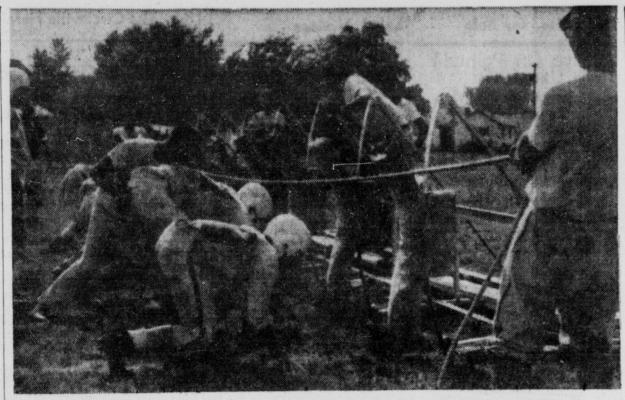

Baseball's Song Writer Dead At 80

LAGUNA BEACH, Calif. (AP)-The man who wrote baseball's own song-"Take Me Out to the Ball Game"-died Tuesday night. He was Jack Norworth, 80, song writer, actor and sports fan-once

known as "the King of Vaude-He died of a heart attack at his home in this seaside resort.

Norworth wrote "Take Me Out to the Ball Game" in 1908. He liked to recall that he had never seen a baseball game then and got his inspiration from an advertisement about a game at the Polo Grounds while riding the New York subway. A baseball executive once said

that Norworth's song did more to popularize and sentimentalize baseball than any other single factor in the game's history with the possible exception of Babe Ruth's

TOLEDO, Ohio (AP)-A wide opena rce for the Ohio Open golf championship was on today as 50 professionals and 21 amateurs... swung into the final 36 holes.

A dozen pros and four play-forfun entrants were bunched within six strokes and any of them could walk off with the top prize.

Jimmy Powell, 24-year-old assistant at the Shaker Heights Country Club, held a one-stroke mrgin at the end of the first two rounds with 141. The professionals needed a two-day score of 155 and the amateurs 156 to day's final session.

Powell, a former Texas Amateur champion who has been in Ohio less than a year, added a 73 Tuesday to his opening 68. He hd paced the first round over Dick Howell of Lakewood by a single stroke, but Howell soared to a 78 Tuesday to drop back. The new threat was Hans Merrell, 42-year-old Mogadore pro, who cme in through a heavy rain and

darkness with a 69 for a 142 total. Behind the two leaders were Dick Neumann of Willoughby with 143. Joe Kotlarczyk of Fremont with 144, and Denny Carlton of Urbna and Lee Raymond, an unattached Toledo pro, with 145 each.

FORMER SITTER

DEAR ABBY: My daughter is being married soon and before I announce her engagement I would like some advice. Our town has a habit of putting huge showers for brides. Four or five women get together and invite everybody in town whether they know the bride or not. In my opinion it is just a racket to collect as many gifts as possible. Then when the wedding and reception list is made up, many of the guests are the same women who have brought a gift to the showers. How can I get it across to my friends that I do not care for this wholesale kind

MOTHER OF THE BRIDE DEAR MOTHER: Inform any friends who offer to give a shower for your daughter that you prefer they do not for the above mentioned reason, which is as sensible as any could be. People are pretty sick of being kayoed at showers.

What's your problem? For a personal reply, write to ABBY in care of this newspaper. Enclose a stamped, self-addressed envelope.

DEAR ABBY: My daughter is being married soon and before I announce her engagement I would like some advice. Our town has a habit of putting huge showers for brides. Four or five women get together and invite everybody in town whether they know the bride or not. In my opinion it is just a racket to collect as many gifts as possible. Then when the wedding and reception list is made up, many of the guests are the same women who have brought a gift to the showers. How can I get it across to my friends that I do
